- ▶ Established in 1980
- ▶ Located in Sagamihara, Japan
- ▶ Capital :10 Mil Yen
- ▶ Annual Sales:240 Mil Yen(2 Mil USD)
- ▶ Total Employee: 20
- ▶ Product Line:
 - General precision machine parts
 - Semiconductor related parts
 - Nondestructive inspection system (assembling)
 - Medical device for animals
 - Others: Related components and parts under OEM

Our Mission

- For customer satisfaction
 1. Best quality
 2. Safety under control
 3. Quick delivery
- For employee
 1. Better life and happy family
- For society
 1. Keep compliance

Kobayashi has been practicing to provide best Quality products & Devices for precision & Medical Market.

Precision machined parts

Kobayashi Precision Industry Co., LTD provides Precision machined parts and production consulting services for industries such as aerospace, medical equipment and robotics.

Titanium, stainless steel and difficult to machine metal parts requiring strict tolerances and multiple axis tooling is our specialty.

We provide production services for Prototype model or small lot quantity from 10 parts to mass production.

Machine and Inspection equipment

3-dimensional measuring device

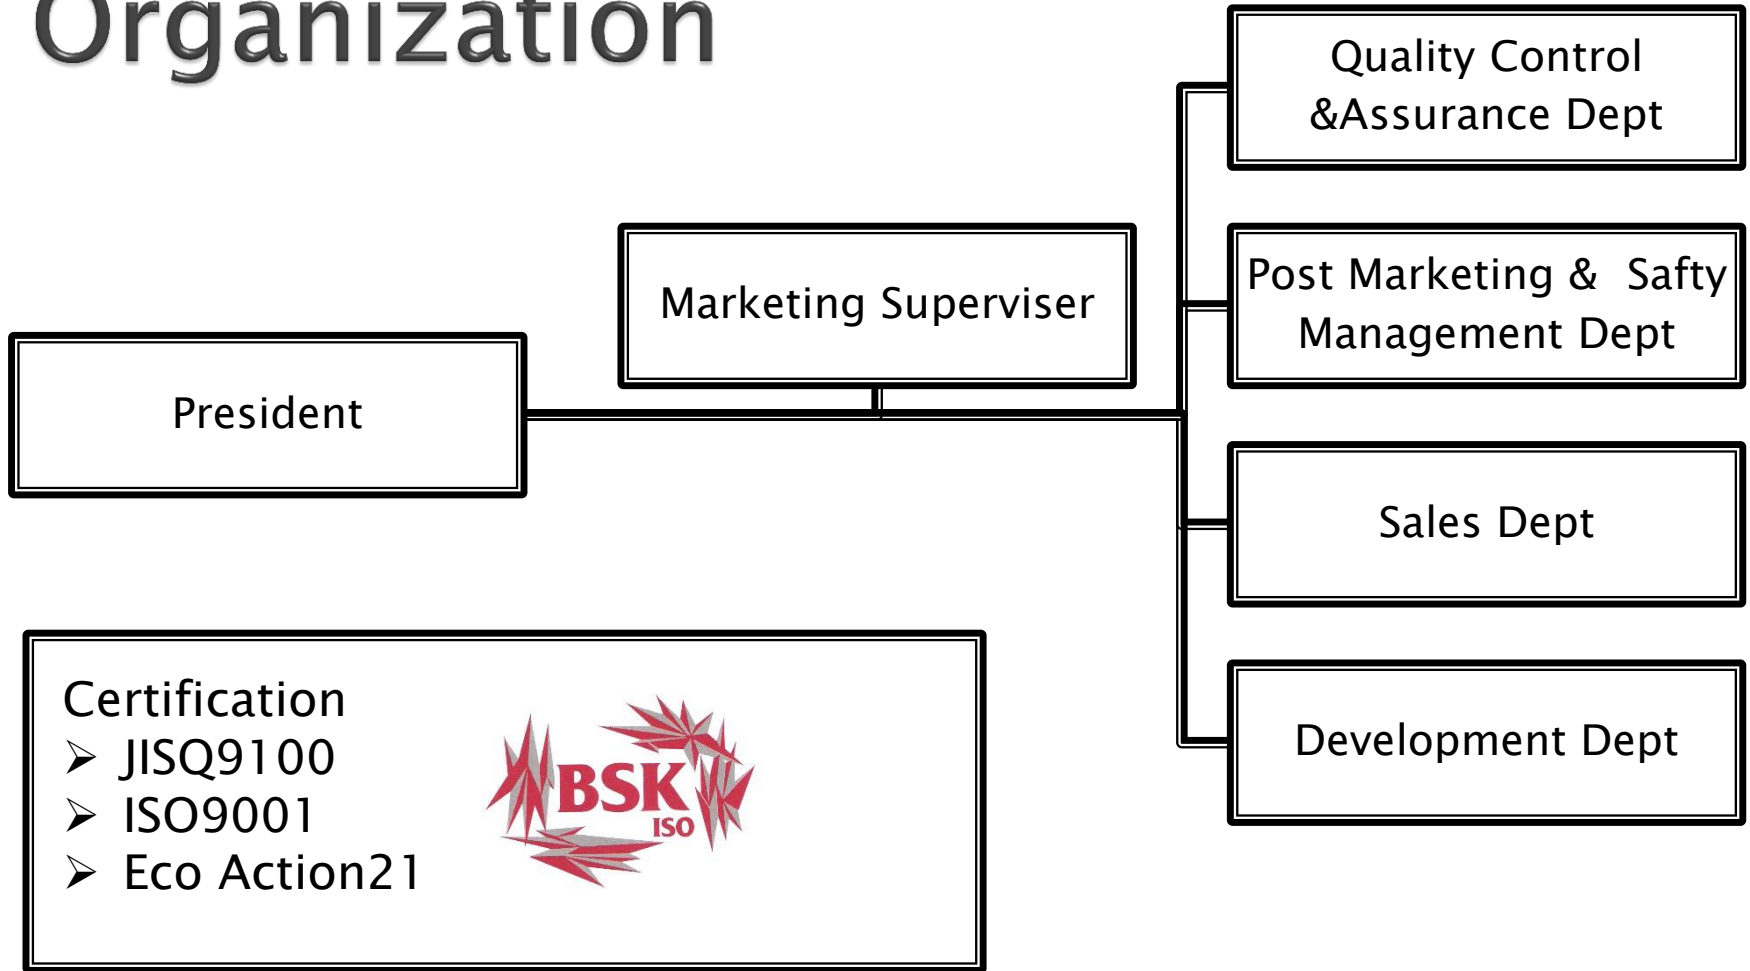

- Brown & Sharp (450x600)
- Image measuring instrument
- Mitsutoyo Quick Vision

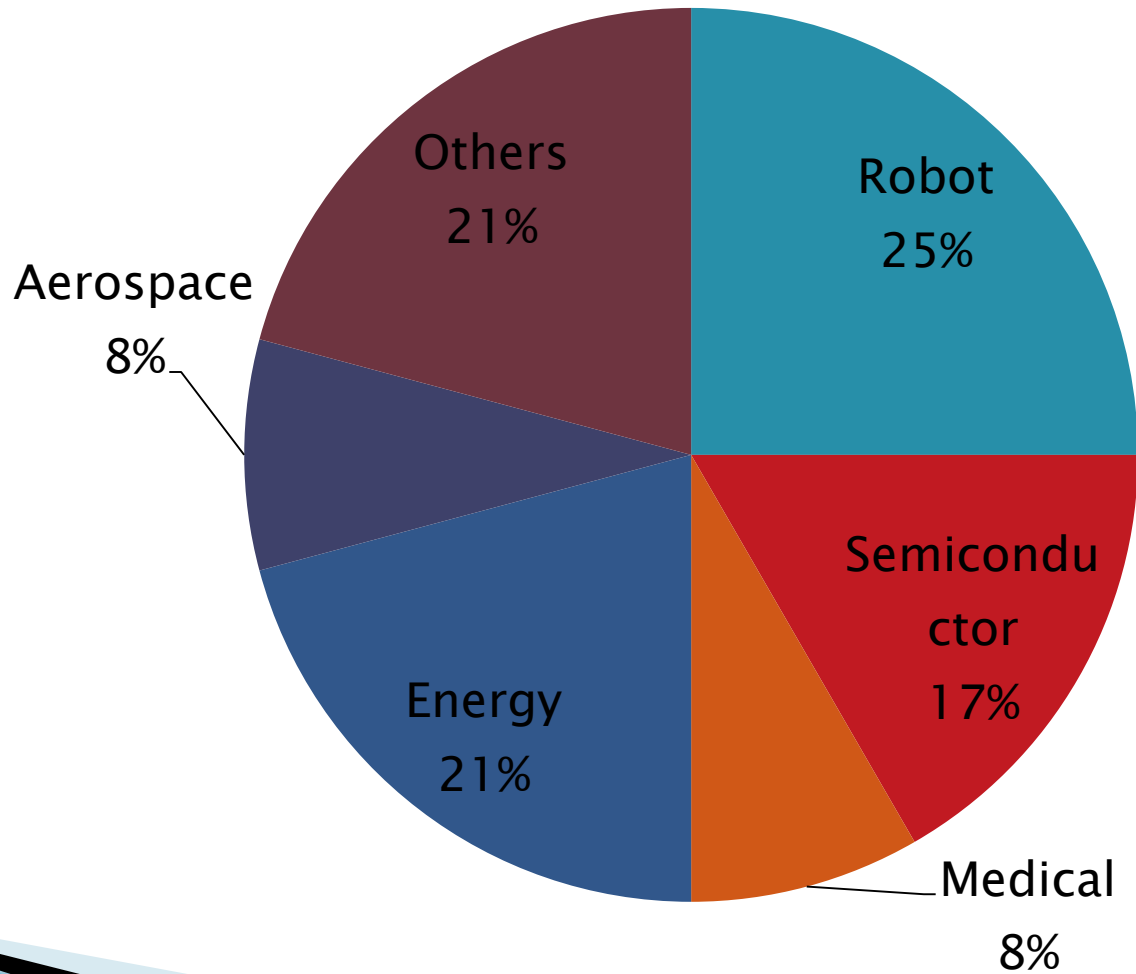

- 5 Axis Vertical machining center ($\phi 400 \times 300$) - 1
- 3 Axis Vertical machining center - 12
- Wire cut - 1
- Electrical discharge machine - 1
- Surface grinder - 2
- NC lathe - 2
- Laser marker - 1
- Others - 5

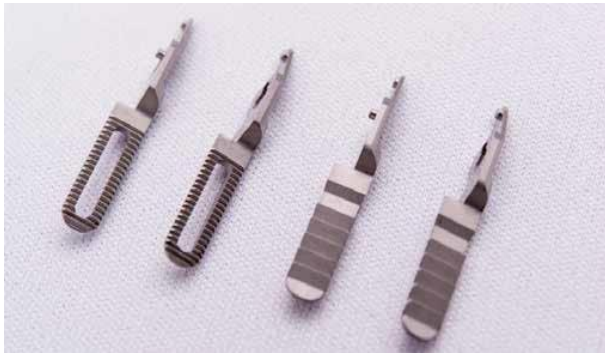

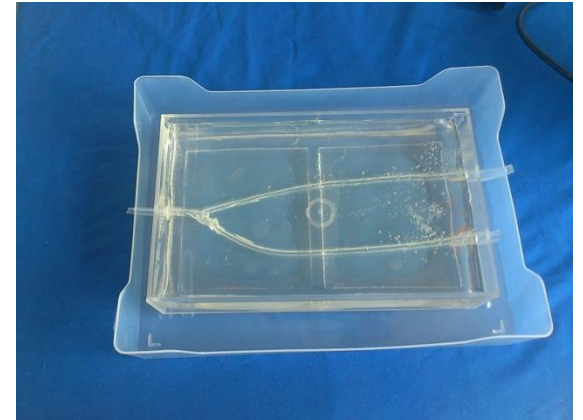

Organization

Sales by Product

Medical Products

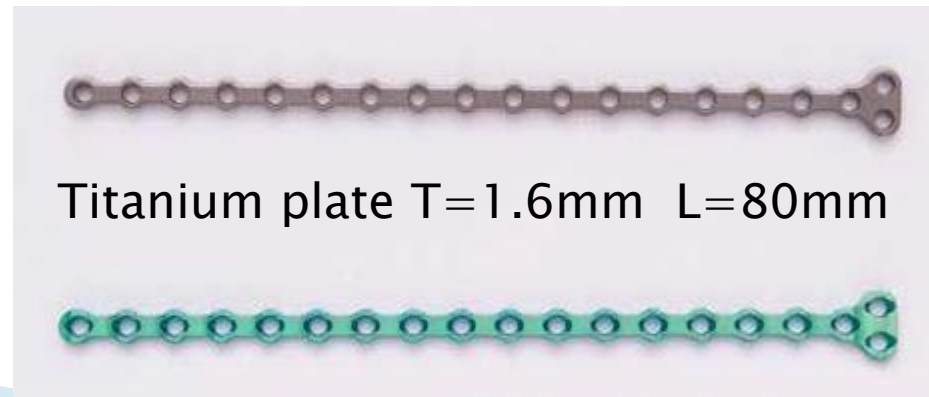

Stainless steel clip

Titanium plate

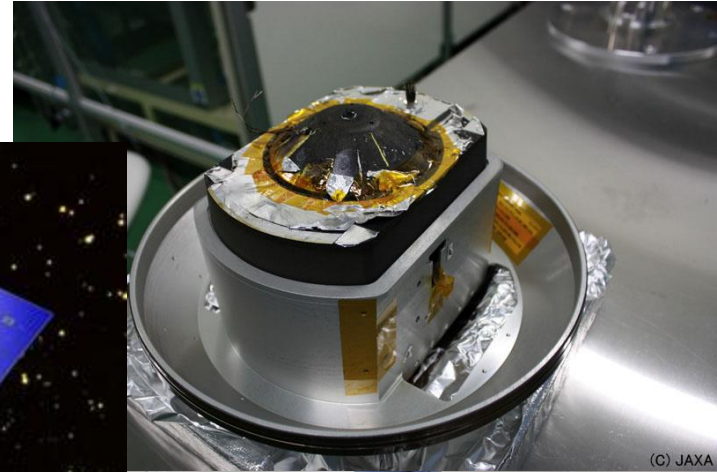

Titanium screw M1.5

Titanium plate T=1.6mm L=80mm

The unmanned spacecraft collaborated with Japan Aerospace Exploration Agency(JAXA)

Thank you very much!
ありがとうございました
